Things to Remember

ASMC Volunteers are ready to help! Find one of our helpful volunteers in the lavender polo shirts or at the ASMC Info Booth located in the Great Hall.

DoD military and civilian employees who participate in the “Mini-Courses” (which have been aligned to DoD Financial Management Certification Program (FMCP) competency areas) will receive an email following the PDI that will support direct credit toward meeting DoD FMCP initial certification requirements at the levels identified on the workshop program and IAW with Certification policy, provided (1) they do not depart the Mini-Course early, and (2) they fully complete and submit the Mini-Course evaluation survey by Friday, 5 June. The individual evaluation survey link will be delivered to course attendees via email following the completion of the course.

We are proud to announce that Bastion Group has been selected as the PDI 2015 Charity. Bastion, a 501(c)(3) organization, builds neighborhoods in New Orleans designed for returning warriors and families with lifelong rehabilitative needs. Please help support them by purchasing Charity Raffle tickets before Friday's general session!
